In the event of suspension, the period of suspension will be without pay. If the Resident is reinstated after the suspension, then the length of the suspension period shall be added to the Resident's duration of employment at his/her current PGY level.
3. **Stipend:** Employee will receive \$ _____ bi-weekly, which annualizes to \$ _____ for the PGY year stated in Section 1 above. Such bi-weekly stipend shall be paid on DCHD's regular pay day and is in consideration for performance of duties assigned by DCHD.

Resident shall meet the qualifications for resident eligibility as outlined by the Accreditation Council of Graduate Medical Education (ACGME) requirements. Resident agrees to abide by all applicable DCHD and UTSW policies, procedures and rules.

As the position of Resident involves a combination of supervised, progressively more complex and independent patient evaluation, medical and surgical management within the scope of training for Resident in a given specialty and formal educational activities, the academic, clinical and professional competence of the Resident is evaluated on a regular basis by the UTSW training program. The UTSW training programs manage and maintain a record of Resident's evaluations, which are confidential to the extent allowed by law.

The position of Resident entails provision of care commensurate with the Resident's level of advancement and competence, while under the supervision of appropriately credentialed and privileged attending faculty. The Resident's educational activities include without limitation: participation in safe, effective and compassionate patient care; developing an understanding of ethical, socioeconomic, medical and legal issues; applying cost containment measures in the provision of patient care; participation in the educational activities of the training program as appropriate; responsibility for teaching and supervising other residents and students; participation in institutional orientations, education programs and other activities involving the clinical staff; and participation in institutional committees and councils to which the Resident is appointed or invited. Resident must perform these duties in accordance with the established practices, procedures and policies of DCHD, UTSW, and other institutions to which the Resident is assigned.

The Resident agrees to provide appropriate and conscientious care to his/her patients, to cooperate with patient care, patient safety, quality improvement and safety directives issued by DCHD, and to discharge all duties of a Resident as determined by DCHD.

5. **Living Quarters (Housing).** DCHD does not provide assistance for locating housing, nor does DCHD provide on-campus housing quarters.
6. **Parking.** Parking will be available on campus at the then current parking fee. The fee associated with the parking option selected by the Resident will be deducted from the Resident's bi-weekly paycheck, and Resident hereby authorizes such deduction. Parking fee increases are at the discretion of DCHD. Any such

parking fee increase will be communicated to the Resident a minimum of 30 days in advance of such fee increase becoming effective.

7. **Meals.** Resident assigned to DCHD shall receive \$8.00 per assigned 16-hour shift or per overnight in-house call. Funds for meals while on duty will be distributed on the Resident's debit meal card. No more than \$160.00 balance may be carried on the meal card at any time.
8. **Pagers.** Resident will be issued an alphanumeric pager which will require a one-time refundable deposit of **\$69.00** which will be refunded upon returning such pager in working condition. If the Resident's pager is lost and/or damaged to the point of being inoperable, the Resident will be responsible to pay \$69.00 for a new pager. The Resident understands that he/she is required to carry and maintain an alphanumeric pager for the duration of his/her training.
9. **Uniforms.** Scrub suits are provided by DCHD for Residents working in the Operating Room, Labor and Delivery, and the Burn Unit.
10. **Conditions for Continued Appointment and/or Reappointment.** Reappointment to the training program is based on evaluation by the UTSW training program faculty and recommendation to DCHD by the UTSW training Program Director. Resident, as a condition of his/her employment, must at all times remain in good academic standing with the UTSW training program. In the event that the Resident is not in good academic standing with the UTSW training program, the Resident's employment with DCHD shall be suspended without pay and/or terminated, effective on the date that the Resident is no longer in good academic standing with the UTSW training program. In the event of a suspension, such suspension shall remain in effect until such time as the Resident regains his/her good academic standing with his/her UTSW training program. Suspension and/or termination under this section is governed by UTSW's Graduate Medical Education policy and procedures.

11. **Conditions of Employment.**

The Resident is responsible for obtaining a Texas Medical License or a Texas Physician-In-Training permit and covering the required fee set by the Texas Medical Board. The Resident who has or obtains a Texas Medical License through the Texas Medical Board is required to obtain a Drug Enforcement Administration (DEA) and Department of Public Safety (DPS) license. The Resident's employment with DCHD is subject to immediate termination if these requirements are not met and maintained.

Resident will not be allowed to begin work, and thus will not receive pay, until his/her Texas Physician-In-Training Permit and/or Texas Medical License has been received by the DCHD Graduate Medical Education Office. A Resident not receiving his/her Texas Physician-In-Training Permit or Texas Medical License by the fifth day after his/her expected date of hire will be terminated from the DCHD payroll and rehired effective upon the date on which the Resident receives his/her Texas Physician-In-Training Permit or Texas Medical License.

- **Schedule II Prescription Program.** The Texas Department of Public Safety requires Resident's holding a Texas Medical License to use Schedule II prescription pads for certain drugs. Failure to comply with these rules may result in sanctions by the Texas Department of Public Safety and/or the Texas Medical Board. DCHD will not reimburse the Resident for the cost of acquiring the necessary prescription pads.
- **Health Status.** Employee must be considered fit for duty at all times while performing duties as a Resident.

Resident will keep such immunizations current during the term of this Agreement and provide written documentation of immunization as requested by DCHD. DCHD reserves the right to require additional immunization and/or vaccines as deemed necessary by DCHD. Resident must comply with all immunization and vaccine requirements set forth by DCHD, subject to exemption or reasonable accommodation, if approved through DCHD's applicable policies and procedures. Immunizations must be current and up to date while employed at DCHD. Arrangements for immunizations and testing shall be the sole responsibility of the Resident. The DCHD Department of Graduate Medical Education must receive the required Occupational Health clearance for Resident prior to Resident's first day of duty.
- **Mandatory Training.** The Resident agrees to complete all DCHD mandatory training within the time-frame specified by DCHD.
- **Drug Screening.** After notification from UTSW that an offer has been extended to Resident, DCHD requires Resident to provide proof of a negative 10-panel urine drug screen collected no more than two (2) weeks prior to the Resident's employment start date. The urine drug screen must be conducted at a DCHD approved collection site. The DCHD Department of Graduate Medical Education must receive required drug screening clearance prior to Resident's first day of duty.
- **Background Check.** After notification from UTSW that an offer has been extended to Resident, Resident will be required to complete and sign the Fair Credit Reporting Act Authorization Form and undergo a criminal background check prior to his/her employment start date. A Resident who refuses to complete, sign and submit the form will be removed from further consideration for employment at DCHD. The DCHD Department of Graduate Medical Education must receive criminal background check results prior to Resident's first day of duty. If the security background check identifies an adverse action in the Resident's record within the past ten (10) years, the Director of the Graduate Medical Education office will contact the Associate Chief Medical Officer and Senior Vice President, Professional and Academic Affairs, and the UTSW Designated Institutional Official to make a determination of employability of the Resident. Each adverse action will be reviewed with consideration of the following factors:
 - a. Specific duties of the position;

However, as a political subdivision of the State of Texas, DCHD may pay claims in accordance with the Texas Tort Claims Act up to \$100,000 per person and \$300,000 per occurrence. Coverage only applies to activity that occurs while in the course and scope of employment, performing only those tasks assigned by the appropriate officers of DCHD. Coverage does not include intentional acts or gross negligence. The Resident should consult with the applicable institution where the Resident rotates for claims arising during assigned rotations at institutions other than DCHD.
- **Group Health Plan.** A group health plan is provided at some cost to employees with the balance of the cost paid by DCHD as set out in the then current DCHD benefits summary. Enrollment of the Resident's spouse and/or eligible dependents in the group plan is available at the Resident's expense. PTO must be authorized and approved by the Resident's Program Director or his/her designee, and is subject to the requirements of the UTSW Graduate Medical Education Paid Time Off Utilization Policy. PTO does not accumulate from year to year, and unused days are not available for cash out. Additionally should the Resident seek leave beyond the PTO days authorized in this Agreement, and the Resident's Program Director authorizes such additional leave, then the additional leave beyond the PTO authorized in this Agreement will be unpaid, and subject to the relevant provisions in Section 2 of this Agreement.

Residents who meet the eligibility requirements may also be entitled to job-protected leave under the Family and Medical Leave Act (FMLA). Additional information and procedures involving FMLA are available in DCHD's applicable human resource and benefits procedures.

Residents do **not** have additional holiday days outside of their PTO allocation stated above, and must use a PTO day if they are requesting and approved to be off on a holiday. Should a Parkland clinic be closed during a holiday and a Resident is assigned to that particular clinic and does not come to work in another area of the hospital, then the Resident must use a PTO day. If on that holiday, the Resident was already scheduled to be off as a regular day off, then it is not counted as a PTO day.
